

How Do You Like the Monthly Recaps?

Energy Savers Blog

No doubt you've noticed them by now, but this year we started a regular column on the Energy Savers blog where we show you what's new on the website, what we've talked about, our weekly questions, and a few posts from the archives.

We'd like to know: Do you find the "This Month on Energy Savers" column useful? Why or why not? Is there anything you'd like to see in these that we're not doing now?

Let us know in the comments below. Thank you for your feedback!

Each week, you have the chance to share your thoughts on a question about energy efficiency or renewable energy for consumers. Please comment with your answers, and also feel free to respond to other comments.
