

AER E 492 Symposium

Iowa State University

The AER E 492 seniors will be holding their symposium which will be held in **Room 1235 Howe Hall and Room 2202 Howe Hall on Thursday, December 10, 2009**. A schedule of presentations will be posted when it becomes available.

11:30-12:30 p.m. will be a break for everyone attending these presentations to leave for lunch.

The department will not be holding the usual banquet as has been done in the past. There will be a pizza lunch held for AER E 492 presenters/instructors during this hour in Room 1235 Howe Hall. This is *not* a department-wide luncheon and is a luncheon held specifically for the AER E 492 presenters and instructors only.

Presentations will continue in the afternoon.

The instructor for this course is [Ganesh Rajagopalan](#).
