

## **Nidec Establishes New Manufacturing Company in Shaoguan, China**

PowerPulse.net

**Nidec Corp.** announced that it established a new manufacturing subsidiary, **Nidec (Shaoguan) Limited** in Shaoguan, Guangdong Province, China.

The new subsidiary manufactures brushless dc motors for cooling fans and optical disk drives in collaboration with **Nidec (Dongguan) Limited**, which was established in Dongguan, Guangdong province in 2002. Located in the same province, the two companies aim to strengthen Nidec's manufacturing operations in the rapidly developing southern China area.
