

# Crosspoint Matrix Provides High Current Capacity

The 60-600 high current capacity 256-relay crosspoint matrix from Pickering Interfaces can switch voltages up to 30V DC or 250V AC. With features including a 10A rating per channel the 1U rackmount device is deployable in a variety of matrix configurations, from 64 × 4 to 16 × 16, one pole, with 8-way high-power D-Type connectors for both the X- and Y-axis connections.
