

Clips for cylindrical fuses are UL recognized

Keystone Electronics Corp. offers UL recognized Fuse Clips with end stops to ensure safety and design integrity. Available for use with Cylindrical Fuses sizes 1AG thru 8AG, Midget and Solar Protection (SPF) style fuses, these clips are UL recognized to make the UL product certification easier. Suitable for applications from 6 A to 30 A, this full line of fuse clips can be used in a variety of products and environments. These fuse clips are manufactured from brass and tin plated to assure low contact resistance. Designed to mount easily and retain a stable position during wave soldering. These UL Recognized clips are available in Thru-Hole, Surface and Rivet mounting configurations.
