MinMax Technology introduced the MPW2000 series of isolated 25W to 30W DC/DC converters. Measuring $1.6" \times 2.0" \times 0.37"$, these converters offer from 10V to 40V, 18V to 75V (4:1) with single output of 3.3V, 5V, 12V, 15V and dual output of $\pm 12V$, $\pm 15V$. Features include an isolation of 1,500V DC, remote on/off function and efficiency as high as 89 percent. The devices are Lead-free and RoHS compliant.
