

Highly-Scalable Virtualization: Optimizing your Infrastructure with IBM eX5 and VMware vSphere

Optimizing your infrastructure with eX5 and VMware vSphere

Submitted by Guest (not verified) on Mon, 01/31/2011 - 9:20am IBM

For small and midsize companies, System x, BladeCenter, and VMware virtualization solutions offer cost-effective options for transforming IT into a simple more powerful computing infrastructure. Look to IBM and VMware to show you how you can be distinctly competitive and profitable.
